Trash Bin Series	90
Be Safe Series	91

INTRODUCTION

Established in 2014, Astrokidz Inc. is specialized in manufacturing of all type of outdoor playground equipment in India. We aim to manufacture playground equipment that through their inspiring designs and attractive colors make children happy. Products that have an inspiring play value with high safety, at a reasonable cost. Creative functionality and high quality are sound and safe investments for our children.

Beside of premium quality we offer reliability with extraordinary service. Nearly all kind of standard products (like slides, roofs, panels and swing seats) can be dispatched at the day of your order. Requested tailor made products can be produced in a very short time. We are a playground equipment manufacturer specialized on doing business with playground equipment manufacturers, playground builders and playground equipment distributors in domestic & international market.

We are one of India's leading suppliers for the playground industry, and our company is located in Bahadurgarh, Delhi & NCR. We also have a sales office cum showroom in the heart of national capital based in central part of New Delhi.

We are specialist in production of all playground related products and supply all kind of accessories that is needed to build a playground, and complete systems too. We sell B2B & B2C and our products are exported worldwide. Our main focus is on Playground accessories made of LLDPE (Linear Low Density Polyethylene) made by Rotational Molding Process such as slides, roofs and panels along with metal parts such as decks, ladders with railings etc. Our high quality products are available at competitive prices & they can be used in public places. To realize special productions and queries of our clients is no problem for us. We are specialists for all kind of playground accessory. We are well known in the market for our really fast deliveries.

WE TAKE PLAY SERIOUSLY

We at Astrokidz Inc. believe that child's play is more about exploring, learning, creating and inspiring which in turn develops a whole child: physically, emotionally, cognitively and socially. Play builds resilience in a child and can improve their communication, social interactions and emotional literacy. Play helps to alleviate some of the stresses of children living in poverty and provides an opportunity for all children to enjoy and learn together. Despite the recognized benefits of children's play, it is increasingly under threat – a worrying fact that the United Nations highlighted in early 2013. Most of the children don't get time for play, as they are busy throughout the day with studies, sports, music, dance and other activities.

WE TAKE PLAY SERIOUSLY... we really believe in it. We care passionately about the physical and social development of all children, putting their needs and enjoyment foremost when creating play facilities.

IT'S TIME FOR US TO SAVE PLAY AND RE-INVENT PLAY SYSTEMS FOR BETTER PLAY EXPERIENCES.

VISION

To be the India's leading company in the playground equipment industry by providing innovative, economic & durable plays system...while promoting the importance and safety of play to all children.

MISSION

Our mission is to maximize values for customers by manufacturing best quality outdoor playground equipment without compromising on safety, aesthetic values and durability.
